gordan Demands \$5,000 to Sign a Contract, but Brooklyn President Will Not Give Way-Atlantic League's Circuit -Three-Year-Olds in the Big Handleaps.

The Brookiyn National League club's crack first baseman, Tim Jordan, crossed the bridge yesterday and had a long argument over the salary question with President H. Ebbets. Jordan said that he would not sign a contract for the coming season unless he received a salary of \$5,000. Ebbets informed him that such a proposition would not be considered by the Brooklyn club for a moment. Jordan then intimated that he was ready to compromise by cutting about a usand off the request, but again Ebbets declared that unless Jordan accepted the original terms offered he could remain idle.

Ebbets said after the interview that he wanted to be fair with Jordan, but that he would be treated with the same liberality, in proportion, accorded to the other members of the Brooklyn team. Jordan got twice as much money from Brooklyn last year as he received from the Baltimore club in 1905, or about \$2,500. He made twelve home runs. but his batting average was only .262, while he stood next to last among the first basemen fielding. For some time it was said that the New York Nationals were willing to buy the releases of both Jordan and Lumley for that Ebbets and Manager Donovan of the argument on the subject. Donovan threatening to resign if such a deal was made, but when the Brooklyns fans began to protest vigorously the club officials lost no time in declaring that the New York club had not made an offer of any kind for these men.

Will somebody please head off George Dovey, the new owner of the Boston Nationals? The other day Dovey caused much merriment by offering \$25,000 and a bunch of players for the Chicago Cube' star battery, Brown and Kling. Not satisfied with the prompt refusal with which he met the Beantown magnate lost no time in declaring that he would give \$50,000 cash for three members of the Chicago White Sox: Walsh, Altrock and Sullivan This proposition made Charley Comiskey laugh so long and loudly that his sides fairly ached. Dovey, in his newly developed enthusiasm, may try to buy up both of the major leagues in order to put a pennant winner on the South End grounds.

The Atlantic League, at present an "outlaw" circuit, has made the official annnouncement that the circuit will embrace Wilmington, Chester, Trenton, Allentown, Easton and Pottsville, and that a club may be located in possible. At the outset this league, promoted by Al Lawson, figured on Brooklyn; Philadelphia, Baltimore, Newark, Jersey City, Rochester, Pittsburg and other cities, already represented by organized clubs, but when it came down to real cases the supposed backers refused to back. The Tri-State League will go ahead with clubs in Wilmington and Trenton no matter what the "outlaws" may decide to do in these cities.

Looking over the handicap weights yesterday many horsemen were inclined to believe that one or possibly two of these big events might be won by three-year-olds. If John E. Madden points Salvidere, with 108 pounds for the Suburban, this splendid son of Belvidere-Sallie of Navarre will surely have a strong following. James R. Keene is also believed to have a possible winner among his three-year-olds, seven of them being eligible for the Suburban, as follows: Ballot, 97; Court Dress, 98; Philander, 97; Superman, 96; Gretna Green, 95; Veil, 94, and Grimaldi, 92. It will be recalled that Mr. Keene's Conroy was the three-year-old to win the Brooklyn dicap. That was in 1901, and two years later Irish Lad, also a three-year-old, cap tured the same classic. Africander was the first three-year-old to win the Suburban which occurred in 1903, while Artful, of the same age, was victorious in the Brighton in When Handicapper Vosburgh allotted the Brighton weights he gave 108 pounds to Logistilla, but as this mare with top weight 123, ran second to Kercheval in the Burns Handicap at Oakland last week her impost for the Brooklyn was increased to 112 and 111 for the Suburban. Kercheval got into the Brighton with only 97 pounds, but as he is not eligible for the other events Mr. Vosburgh has had no chance to further burden him Some of the turf sharps yesterday were in lined to express surprise that Burgomaster is asked to give three pounds to Accountant in the Suburban and only two in the Brighton to be run four weeks later, as both of these

The reformers who tried to have an antiracetrack bill passed by the Arkansas Legis-lature have been defeated and the meeting Monday as scheduled and will be allowed to

It is now said that Francis Trevelyan withdrew from the stewardship of City Park, New Orleans, because he positively refused to sanction the reinstatement of John J. Ryan, who was ruled off the turf by him at Latonia last year. Persons who are supposed to be friendly to Ryan will soon control City Park, in place of Ed Corrigan, and rather than have thera dictate to him, Trevelyan concluded to quit, so the story goes.

One of the pugilistic jokes of the winter is the statement of Tommy Burns that he will accept the challenge of Mike Schreck for a purse. Schreck has posted a forfeit of \$1,000 in Chicago to bind the match and says he will not rest until he forces Burns into the ring. But a \$20,000 purse is out of the question. Schreck appeared in a six round bout in the Madison Square Garden with Marvin Hart last summer. It was one of the most ridiculous glove contests ever seen in this city. Schreck showed neither cleverness nor real generally ridiculed. Just where Schreck under these circumstances comes in to have chance with Burns is a mystery to sporting men. To offer a \$20,000 purse for such a one sided mill would simply be in the nature of handing the bulk of it to Burns for practically nothing. Burns probably knows that a fight with Schreck would not draw flies, and has taken this means of getting rid of the burly

Hector McGinnis of Boston has been se-lected to referee the fifteen round fight for the welterweight championship between Honey Mellody of Boston and Willie Lewis of this city, which will take place in Rhode Island on February 11. Lewis has been talking fight he will be compelled to take a permanent back seat. If Mellody wins it looks as if he would have to fight Jack Blackburn, the Philadelphia pugilist now under Tom O'Rourke's wing,

WESTMINSTER SHOW ENTRIES. A Record Total for the Annual New York

Fixture. An entry of 3,075 has been booked for the regular classes at the Westminster Kennel Club show, which begins on February 12. This is an increase of sixty-five entries over last year's show, when 1,956 dogs were benched. The entries by breeds follow:

benched. The entries by breeds follow:

Eloodhounds, 33: St. Bernards, 35: Great Danes, 102: Newfoundlands, 7: Russian wolfhounds, 82; deerhounds, 11: greyhounds, 45: foxhounds, 47: pointers, 120: English setters, 95: Irish setters, 96: Gordon setters, 22: retrievers, 1: Chesapeake Baydogs, 5: Basset hounds, 6: sporting spaniels, 22: beagles, 126: dachahunds, 65: whippets, 13: coilles, 244: old English sheepdogs, 33: poodles, 53: chowchows, 44: Dalmatians, 52: samoyedes, 2: buildogs, 193. MEETING OF WOMEN GOLFERS. Mrs. N. Pendleton Rogers Elected Presider for the Year.

There were no arrangements for the annual match for the Griscom trophy between the Philadelphia, Boston and New York teams at the annual meeting of the Women's Metropolitan Golf Association yesterday in the Hotel Hargrave. The reason was that the the Women's Eastern Golf Association and under the control of that organization. The New York women expressed an earnest desire to regain possession of the trophy this year, which is now held by the Philadelphians, and to have a strong representation in the national championship at Mid-

A step decided on to encourage the members to take part in their own tournaments and those at a distance was to establish season record prizes to be won by the players making the greatest number of points. Similar record cups are offered by the Women's Western Golf Association and by the Women's Golf Association of Philadelphia, where the result has been to increase the interest in competitive play. A win or to be placed in a tournament, or even to return a card at one, will gain one or more points, and the system is also followed out in the team matches. Four new members were elected, the Ocean County Country Club, Far Rockaway, Lake Mahopac Golf Club, Hackensack Golf Club and the Siwanoy Country Club of Mount Vernon. The total membership is twenty-four. The one day open tournaments for the members and guests, which were successfully inaugurated last season, will be repeated at about twenty clubs.

An important action was to abolish the season record prizes to be won by the players

guests, which were successfully inaugurated last season, will be repeated at about twenty clubs.

An important action was to abolish the home and home championship matches. Since the start of the organization in 1900 the clubs have complained over the length of the journeys required to fill all the team dates, and now that the one day tournaments afford frequent opportunities for interclub visits under more sociable conditions a change has been decided on. The members will be divided into two districts, each to contain twelve clubs, and picked teams of fifteen will meet in five matches for the championship cup and individual points. The executive committee will select the two captains, who will pick out their teams from the best players available for each match. The matches will be on neutral links, such as Garden City and St. Andrews, which have tenedered their courses to the women for open days.

The Knollwood Country Club has tendered its course for the spring championship. The championship has been played for some seasons on very long links and for a change the sentiment was in favor of Knollwood. The offer will probably be accepted and the dates announced at a meeting of the executive committee. Mrs. E. F. Sanford, Essex County Country Club, who had declined a renomination after two terms, received a vote of thanks for her services as president and was elected as the fifth member of the executive committee. The officers form the remainder of the committee. They are Mrs. N. Pendleton Rogers, Plainfield Country Club, president: Mrs. Charles L. Tuffany vice-president: Miss Elsa Hurlbut secretary and Mrs. S. F. Lefetest treasurer.

The following delegates were present:

ferts treasurer.

The following delegates were present:
Apawamis Club—Mrs. H. B. Clark and Miss
Elizabeth Hurry.
Ardsley Club—Mrs. H. S. Brooks.
Baltusrol Golf Club—Mrs. M. D. Paterson and

fiss Schwarzwalder. Brooklawn Country Club—Miss Georgianna llahop.

Dyker Meadow Golf Club-Mrs. D. A. Aldridge.
Englewood Golf Club-Mrs. S. F. Lefferts and

Bishop.

Dyker Meadow Golf Club—Mrs. D. A. Aldridge.
Englewood Golf Club—Mrs. S. F. Lefferts and
Mrs. Charles Callan.
Essex County Country Club—Mrs. Percy Ingalls
and Mrs. E. F. Sanford.
Fairfield County Golf Club—Mrs. F. C. Hilliard.
Morris County Golf Club—Mrs. William Shippen
and Miss Elsa Huribut.
Nassau Country Club—Mrs. Charles L. Tiffany
and Mrs. H. P. Whitney.
Plainfield Country Club—Mrs. N. P. Rogers and
Miss Maud Van Boskerck.
Richmond Country Club—Mrs. N. P. Rogers and
Miss Maud Van Boskerck.
Richmond Country Club—Mrs. Cole.
Siwanoy Country Club—Mrs. Cole.
Siwanoy Country Club—Mrs. Englet.
In the review of the season by Mrs. C. L.
Tiffany, the former secretary, she stated
that thirty-three started in the annual championship at Englewood, in which Miss Georgianna Bishop won the qualifying round prize
with 33, while Mrs. C. T. Stout won the title
for the fourth time, with Miss Bishop runnerup. Miss Ruth Milne won in the second,
Mrs. A. H. Harris in the third and Miss Barber
in the fourth eight. The system of qualifying in sets of eight will be retained this year.
Mrs. E. F. Sanford won the putting match,
with Miss Hurry second. Eight teams took
part in the interclub home and home matches,
but very few were actually played in the first
district. In the final between the winners
of the two districts Englewood won from
Morris County by 6 to 0. Twenty clubs,
aside from members, have given their links
to the Women's M. G. A. for play on dates
to be arranged.

MOLLIE MONTROSE WINS AGAIN. George Holle's Filly Gives Weight to Two-Year-Olds at New Orleans

NEW ORLEANS, Jan. 31.-George Holle's when she gave weight to every starter in the two-year-old race and won under a mild drive. The filly, however, did not show any particular fancy for the deep and holding

drive. The filly, however, did not show any particular fanoy for the deep and holding going, but she so outclassed those opposed to her that she won. Bitterly, backed from 40 to 1 down to 8 to 1, finished a close third, being beaten a neck for the place-by Dew of Dawn.

Matador, an even money shot in the third race, finished outside the money. Aubuchon's ride was far from perfect, but the stewards accepted his explanation that the animal quit when called upon for the final effort. Blue Dale, backed heavily around 3 to 1, won by four lengths.

W. H. Snyder's Woodsaw and Favorita made a close finish in the selling race at six furlongs in which the former went to the post equal favorite with Wild Irishman. Granada and Garner were a winning pair in the mile and twenty yard selling affair. Dapple Gold, with 12 to 1 about his chances, won the opening event, at six furlongs, by a head from Sponge Cake. John Peters, the favorite, was third.

Monere won the three-year-old purse event from start to firlish. Marvin Neal won the closing event, at one mile and three-sixteenths, in a canter with 13 to 5 against his chances. Summaries:

First Race—Six furlongs—Dapple Gold, 102 (Lloyd), 12 to 1, won; Sponge Cake, 104 (Walker), 16 to 1, second; John Peters, 100 (Vandusen), 5 to 2, third. Time, 127 4-5. Jerry C., Cannon Ball, Speedmaker, Monterey, Lady Henrietta. Bosing, Paul Clifford, Young Reminder and Happy Jack also ran.

Second Race—Four furlongs—Molle Montrose, 112 (G. Swain), 11 to 10, won; Dew of Dawn, 104 (M. Wood), 15 to 1, second; Bluterly, 100 (Farrow), 8 to 1, third. Time, 0351 5. Lulu B., Rebel Queen, Hasle M. Boola, Sainsaw, Star of Woodstock, Coincident and Wimolo also ran.

Third Race—Six furlongs—Bulle Bale, 87 (Bilac), 13 to 5, won; Mafalda, 106 (Walker), 50 to 1, second; Voting, 102 (Lowe), 10 to 1, third. Time, 127 1-5, won; Pride of Woodstock, 70 (Truman), 16 to 1, second; Genara, 111 (Lloyd), 11 to 2, third. Time, 148. Waterland, Kleinwood, Rather Royal and Judge Traynor also stock, 97 (Truman), 16 to 1, t

ran.

Pifth Race—Six furlongs—Woodsaw, 110 (Lowe),
4 to 1, won: Favorita, 95 (Englander), 12 to 1, second:
Merry George, 108 (Farrow), 15 to 1, third. Time,
1:17 2-5. Gentian, Clifton Forge, Wild Irishman,
Lady Carol, Tichimingo and Belle Strome also

Lady Carol, Tichimingo and Belle Strome also ran.
Sixth Race—Six furlongs—Monere, 102 (Farrow), 3 to 1, won; Grace Larsen, 97 (Lloyd), 11 to 10, second; Billy Bortrass, 105 (Soder), 10 to 1, third, Time, 1:17. Vinegar Bill, Sweet Sunshine, Paradice Song, Royal Breeze, Royal Bond, Rose Marion and Miss Parker also ran.
Seventh Race—One mile and three sixteenths—Marvin Neal, 105 (Bilac), 13 to 5, won; Belle Strome, 87 (F. Swaln), 3 to 1, second; Flavigny, 108 (Vandusen), even, third, Time, 2:04 4.5, iBulwark, Little Elkin, Dr. Riley, Triple Silver and George Vivian also ram.

NAVY LOSES COACH DASHIELL.

Noted Football Expert Decides to Retire From Position Held for Three Years. ANNAPOLIS, Md., Jan. 31 .- Dr. Paul J. Dashiell, whose reputation as chairman of the football rules committee and official of big games has placed him among the lead-ing football experts in the country, has de-

ing football experts in the country, has decided to retire as head coach of the Naval Academy football team, a position which he has occupied for three years.

Dr. Dashiell took hold of a badly beaten team and under his control football has advanced among the midshipmen until the splendid victory of last year was won over the Army.

Those mentioned for the position of head coach for next season are Lieut. Joseph M. Reeves, the great tackle of the teams of 1892 and 1893, Lieut. Oris W. Fowler, captain of the team of 1900; Lieuts. Byron A. Long and Semmes Reed, famous players on Navyteams, and Douglass L. Howard, captain of the team of 1905. All of these will be stationed at the Naval Academy next fall and will be members of the coaching squad.

L. Rose defeated J. W. Conway yesterday afternoon at Daiy's academy, scoring 250 peints and beating his opponent by only five points. Conway made a high run of 22 points and averaged 5, making a higher run than Mr. Rose, who made but 19. The game lasted sixty innings.

In the evening game Mr. Rose defeated A. Wilson by a score of 250 to 208. He made a high run of 20, averaging 4 1-8. Wilson's high run was 13. He averaged 3 1-3.

PRICES AVERAGE WELL FOR TROTTERS AND PACERS.

Ed Custer, Three-Year-Old Record 2:12 1-4. Brings \$6,200—Owaissa, 2:06 3-4, Bought by John H. Shults for \$2,500 -Young Stock and Seasoned Horses.

Trotters and pacers were both in demand at the Madison Square Garden sale yesterday The best sellers of the square steppers were Ed Custer (3), 2:12%, at \$6,200; The Friend, 2:05%, at \$4.800; Kinstress, 2:09%, for \$4,100, and J. N. Blakemore, 2:11%, which brought \$2,100. The thirteen-year-old trotter Imerino, with a mark of 2:20 and a great show ring The pacers held their own, the top prices for the sidewheelers being 35,100 for Rudy Kip, 2:0434; \$2,500 for Owaissa, 2:06%; \$1,850 Who Knows, 2:11%, and \$1,150 for Kelly (3), 2:10,

Ed Custer, a horse of magnificent style and showing no traces of his two and three year old campaigns, fell to the bid of A. G. Danforth, Washington, Ill. The \$8,200 is deemed a bargain price for the colt and the buyer later refused an advance of \$3,000. Rudy Boy, 2:04½, went to A. C. Jones at \$5,100; who gave his address as New York but is said to be a follower of the Western circuits. J. H. Phillips of Gravesend bought J. N. Blakemore, 2:11%, for \$2,100 and he also strengthened his stable with other lots that have speed. E. B. Rice of Boston was the buyer of The Friend, 2.05%, one of the Village Farm breeding, and he thought the eight-year-old black stallion cheap at \$4,800. The Friend is perfect in gait and manners, while 2:00 is not a forlorn hope for him on past performances. George A. Coleman, the former superintendent of the Speedway. paid \$4,100 for the nine-year-old mare Kinstress, 2:09%. This is a sound and handsome daughter of Kinster and but for sickness las year, after she made her mark at Readville, Kinstress would probably have closed the

season at 2:07 or lower.
The four-year-old pacer Kelly, 2:10, went to the West Philadelphia horseman, D. E. Bellew, at \$1,150. A three-year-old sister and two-year-old brother to Kelly were sold low. These with Ed Custer, 2:1234, and the others by Baronmore, were in the lot consigned by the Riverside Stock Farm, Berlin, Wis. The consignment sold for good prices, although it had been thought Ed Custer would bring \$10,000, the young stock and green trotters bringing satisfactory figures. There was not as much competition as had been expected for the six-year-old pacer Owaissa, who took a mark of 2.06% last season and gained the reputation of being the

fastest daughter of Bingen.

John H. Shults secured Owaissa at \$2,500. a price well within the mare's value. Owaissa was bred by the late J. Malcolm Forbes, and as a two-year-old trotted in 2:28 at the farm. Henry Titer bought the mare at the Forbes sale and converted her to the pace. As a four-year-old Owaissa won five out of fifteen races and last season she won three races on the Grand Circuit and was in the money seven times out of five starts. Shults also paid \$500 for the two-year-old trotter Miss Rochester, by Cresceus—Lightning, 2:11, who is well engaged in the stakes. The dam, a daughter of Alcantara and twenty years old, was sold to a Virginian, Samuel Walton at \$425. Shults, besides buying developed speed in Owaissa and taking a chance on the future of Miss Rochester, again proved his versatility as a buyer by securing the nine-year-old mare Katrina, pacing record 2:25 at three years, for \$500. This was one in the Riverside Farm consignment, and as Katrina is a Nightingale mare and grandaughter of Mabel, dam of Cresceus, she should earn her oats at Port Chester Farm.

The best prices were: Henry Titer bought the mare at the Forbes

Navy Crew Coach at Work. ANNAPOLIS, Md., Jan. 31.—Richard Glendon of the Boston Athletic Association, who has of the Boston Athletic Association, who has coached the navy boat crews with great success for the last three seasons and who has been reengaged for the coming season, arrived in Annapolis to-day and will begin work with the erew candidates at once, the practice on the machines taking place in the gymnasium. Coach Glendon has five of his veterans to begin the season and after looking over the new material expressed himself as much pleased with the outlook. 500

LASKER WINS THIRD GAME.

farskall's Favorite queen's Gambit Opening of No Avail Against Chess Champion. Dr. Lasker in forty-two moves won the third game of the chess match for the cham-pionship of the world against Frank J. Mar-shall. The champion now leads his adversary by three games to nothing. The game was played at the Everett House in this city yes-

terday afternoon and evening.

S. B. Chittenden of the Brooklyn Chess Club. tute for E. W. Libaire, opened the proceedings by introducing the principals of the match to the spectators at 3 o'clock. M. Humphreys the chairman of the tournament comm of the Manhattan Chess Club, acted as Las-ker's second, while J. Herbert Watson, the president of the Brooklyn Chess Club, was the referee. Charles Jaffee was the official teller. Among the prominent chess players present were Prof. Isaac L. Rice, Commander B. T. Walling, U. S. N.; Capt. W. C. Rogers of the Twenty-seventh United States Infantry; A. Ettlinger, Julius Finn, H. M. Phillips and

L. Sternberg. Much to the delight of all present Marshall at last began to play his game by offering a queen's gambit, an opening which the Brooklyn player is supposed to be able to handle better than any other living expert. After the few book moves Lasker introduced a novelty on his fifth turn, namely 5 Kt-K5, a defence which according to Marshall was made a special study by Atkins, the amateur thought this to be a good move in analytica play, he maintains that it is too difficult to play under the time limit rule over the board lowever, Lasker gave a masterly exhibition in the treatment of the defence and managed

to get a splendid development of his pieces. Marshall, on the other hand, by very ingenious play succeeded in keeping Lasker lways on the defensive, Marshall's queer manœuvres being especially pretty. After the game had advanced to about fifteen moves the position was a highly interesting and complicated one, and it was admitted all round that this game was the best of the

round that this game was the best of the series so far.

Lasker told a friend during the progress of play that experts such as Tarrasch and Berger would call the opening a classical one, as it was free of any errors. Eventually the situation got somewhat cleared and it became evident that if Marshall failed to win on the king's side and would allow an ending he would surely lose, as Lasker had a better pawn position on the queen's side of the board.

pawn position on the queen's side of the board.

Marshall at the adjournment at 6 o'clock frankly said: "I have a weak pawn on the king's file and Lasker has a weak pawn on the queen's file. With best play on both sides the game ought to be drawn."

Lasker stated that he enjoyed the game immensely, for it was a contest worthy of a championship match and one that will teach amateurs a great deal. He said: "There is food for plenty of analysis in this game, and if played in the same manner to the end it will go down in history as a fine specimen of the queen's gambit opening."

A sensation was caused shortly after resumption of play at 8 o'clock when Lasker gave up the exchange, thereby getting a brilliant attack on the king's side, and as Marshall's best pieces were all out of play it was thought that the champion would surely win the game. When Marshall left the game at 6 o'clock he had seven moves to make in a very short time, and it was said that he had to play too hurriedly and was not able to take in the situation properly. The end came as quickly as anticipated, although Marshall might have had a fighting chance if he had given up the queen for two rooks.

The fourth game will be played at the Everett House to-morrow afternoon. The score:

THIRD GAME-QUEEN'S GAMBIT DECLINED HOCKEY.

Crescents Roll Up 14 Points to 3 for the Hockey Club.

The Crescent Athletic Club hockey team met the Hockey Club of New York la in the St. Nicholas Skating Rink. The Hockey Club men were hopeful and at the start the Crescents were a little overconfident, but from a Crescent standpoint it was all right at the finish, when the score stood 14 to 3 in

favor of the Crescent team.

It was a one sided game, but at the start it looked rather bad for the Crescents because the Hockey Club men scored twice. This was perhaps due to their over confidence or to the Crescents being a little slow, and then the Hockey Club players are wonderfully fast for about five minutes. Mackenzie, too, did not have his eye in trim. Two shots got by him and the rooters had to cheer

The rooting had the desired effect. Charley McDermott, too, was on the side line and he put a hypnotic spell on the team and then the game was practically over. In the gallery were Jay S: Jones, J. Cassidy, W. D. Walker and others who watched over things generally. They soon got tired of rooting and the game had to take care of itself. Liffiton and Harmon faced off and for a time the puck went backward and forward on the ice. Each side tried for goal, but the goal keepers did well and neatly turned the shots aside. Just 3 minutes and 10 seconds after the game started Huntington made a clever lift. The puck struck Mackenzie's foot and slid into the net, scoring first for the Hockey Club. Two minutes and 35 seconds after this Harmon scored on a pass from Huntington and the Hockey Club crowd

The Crescent men cheered their players on and inspired by this cheering all woke up. Liffiton got the puck from the face off and made a goal in six seconds, and half a minute later Shirreff scored on good team work from Kennedy. This made the score a tie and it was broken in two minutes by Bob Wall, who took the puck down the ice, and made a pass across the rink to Shiebler, who scored on a long side shot.

Then Bryan scored for the Hockey Club. He carried the puck up and made a long side shot that got by Mackenzie. After this the game was all in favor of the Crescents. Shirreff scored from a scrimmage a minute later. In another minute Wall took the puck through the Hockey Club team and scored. In just another minute Kennedy scored from a pass by Shiebler, and a minute later. Liffton ran through the opposing team and scored alone. This ended the first half, with the score 7 to 3 in favor of the Crescents.

In the second half the Crescents did not half try. Several times they had chances to score, but let the puck go. Liffton was the first to add to the score by clever dodging and a pass to Shirreff, who sent the puck into the net. Shirreff scored the next goal on a double pass from Liffton and Shiebler. Shirreff made the tenth goal on a pass from Liffton and Shiebler. Shirreff made the tenth goal on a pass from Liffton and Shiebler. Shirreff made the tenth goal on a pass from Liffton and Shiebler. Shirreff made the tenth goal on a pass from Liffton and Shiebler. Shirreff made the tenth goal on a pass from Liffton and Shiebler. Shirreff made the tenth goal on a pass from Liffton was the next successful shooter on a pass from Shirreff. Liffton from Kennedy was the only player sent to the bench. He cross-checked Bryan. The team lined up as follows:

END OF SPRINT RACING ON THE ORMOND BEACH.

G. Batchelder, Just Returned From Florida, Says the Feature Next Year Will Be a 300 Mile Contest on the Sands -New Bridge at Perth Amboy Closed.

A. G. Batchelder of the New York Motor Club, who was associate referee of the recent Ormond meet, has returned from Florida and s convinced that the days of sprint racing have passed, so far as the Ormond-Dayton Beach is concerned. He said vesterday that was practically assured that the feature of the 1908 Florida speed carnival would be a 300 mile contest, to be run in relays of 150 miles each on the first two days of the meet for a gold cup to be won outright by the vicous driver. It would be the idea to duplicate the annual contest for the Vanderbilt and such a contest would provide for drivers in the Vanderbilt cup race an opportunity to redeem themselves and their machines by a big race run after several months inter-

So as to add some slight hazard to the contest and remove it from the class o strictly beach races, loops could be built at each end of the fifteen miles of straightaway on the beach. A curving road could be swung over to the road along the Halifax River, the distance being about a quarter of a mile, and then back to the beach at both the Ormond and Daytona ends of the straightaway stretch. The entry blanks for the annual meet would contain the provision that the short distance events were open only to machines which had completed at least 100 miles of the distance of the big contest run on the first and second days of the meet. The provision requiring entrants for the shorter distance races to complete at least 100 miles would serve the purpose of keeping freaks and machines built only for sprinting out of the contests, so that the races would be between

Although women now have been authorized drive cabs in Paris, as yet no woman has applied for a license to drive a motor cab. However, women have been seen in the Paris streets driving their own cars and the sight of women astride motorcycles has ceased to be a novelty. To a question put by a Paris journal, Femina, regarding a choice between a pearl necklace and a motor car, 4,582 replies came in from women favoring the motor car and 1,776 favoring the necklace In spite of this not many women drivers are to be seen in Paris, which is surprising when it is considered that a large number of them like to drive. Of those really able to handle a car few are known outside of Mme, du Gast. as in the ill fated Paris-Madrid races, and Mrs. Maud Manville of England. It is urged in more than one quarter in Paris that a women's motor school be organized both for professional drivers of taximeter motor cabs and also for amateur drivers.

The new bridge across the Raritan River at Perth Amboy, recently opened to the public, will be closed for three months this spring by order of the War Department, and New York automobilists who have been started. W. V. Codar's Planet of West Palm route leading over this structure will have to resume the old route by way of New Brunswick. Three of the spans of the new bridge will have to be torn out and replaced with spans of steel, in order to have the structure comply with the Department regulations. The Department contends that the bridge as it stands now is an obstruction to navigation. It has been decided to close the bridge to traffic on March 1. The old route leading through Newark, Elizabeth and New Brunswick, makes the trip from New York to the seashore towns about thirty miles longer than by the new way. route leading over this structure will have

Thirteen new names were added to the rolls of the Long Island Automobile Club at the meeting of the organization held at the club-house in Cumberland street, Brooklyn, on Wednesday night. The new members are C. G. Arnold, R. Benedict, E. H. Berry, M. D., T. F. Chyslei, J. A. Clarke, W. W. De Boise, E. W. Heatley, H. M. Palmer, E. E. Pierson, W. H. Redman, G. M. Robinson, S. B. Ross and J. H. Smart.

The Vermont Legislature has passed a law providing for the improvement of public roads throughout the State and the appointment of a State highway commission. The new law provides that the Governor shall appoint of a State highway commission. The new law provides that the Governor shall appoint a State highway commissioner, whose term of office shall be two years from the date of his appointment, and who shall have control of and direct the expenditure of all moneys appropriated by the State or apportioned to cities, towns or villages for highway imZrovement. He shall appoint each year a supervisor in each county in the State, who shall assist him in supervising the expenditure of of State money to be used for the permanent improvement of the main thoroughfares and most important roads, in each town, the selection of roads being made with the main purpose of securing, so far as possible, trunk lines of improved highways from town to town and to important local railway stations. For this purpose the sum of \$50,000 annually was appropriated, and under certain conditions a town may have free of charge the services of a competent road engineer.

DIXIE THE CARNIVAL QUEEN. odore Schroeder's Boat Gutclasses All Competitors at Palm Beach.

PALM BEACH, Fla., Jan. 31 .- Again to-day the feature of the motor boat regatta on Lake Worth was the spectacular work of the Dixie, the trim all-enduring racer of Commodore America. Whether it was the splendid dashes on the long straight stretches of the course, the spectacular and daring turns at either end or the pretty, almost instantaneous starts, t was the Dixie's splendid work that called forth the plaudits of the spectators, both on the shore and on the boats dotting the beautiful lake.

The first event in which the Dixie started a five mile race for boats of an average speed of more than eighteen miles an hour, she won handily. The five mile free for all she lost, finishing only twelve seconds behind the winning boat, that had a handicap of 23 minutes 59 seconds. In the five mile race of the afternoon, a duplicate of that of the morning, the Dixie was the only boat to start, covering the course in order to get the credit of the victory and the cup offered. The fifteen mile open to boats of all speeds

lost its interest to a majority of the spectators as the Dixie made her start and then turned and ran into the Poinciana Basin. She was heavily handicapped and her driver and owner wisely determined to put no more terrific strains on the racer, deservedly the queen of the regatta, until the big event of the regatta, the mile trials to-morrow for th Sir Thomas R. Dewar trophy. Much is expected of the Dixie in these

trials, and every prediction is that the pre sent record of a rate of 29.17 miles an hour will be shattered. The Dixie has already travelled at a rate of 28.7 miles an hour and unofficial time taken on a portion of the fifteen mile race of yesterday gives her even higher speed. The first event run off this morning was a

five mile contest for boats with a speed of eighteen miles an hour and under. Seven

The first event run of this morning was a five mile contest for boats with a speed of eighteen miles an hour and under. Seven started. W. V. Codar's Planet of West Palm Beach getting away first and H. Broessel's Simplex IX. of New York making the start from the scratch, is minutes it seconds, later. It was a one lap race and the handicap of the Planet was too much for the Simplex to overcome, victory going to the limit boat in 34 minutes 54 seconds. The Simplex finished in second place, almost two minutes behind the Planet, but covering the five miles in 17 minutes 59 seconds. Capt. George Andrews's Errand Boy of West Palm Feach finished third.

The second race, open only to boats with a speed of more than eighteen miles per hour and for a distance of five miles, found but two starters, the Gray Wolf an allowance of 3 fainutes 41 seconds for the five miles and then with another exhibition of speedy going pushed around to the finish line a winner. The Dixie's time was 11 minutes 16 seconds. The Gray Wolf in this event had trouble with her engine and did not make the time which shefhas in other events, finishing 14 minutes behind the Dixie.

The last event of the morning, and easily the feature race of the day, was the five mile event for all boats. Seven started in this race, the Planet again being the limic boat, and having a handicap of 22 minutes 69 seconds. One after another the boats fell into line, the Dixie again starting from the scratch and taking up what proved to be a hopeless chase after the Planet. Though the Planet again being the limic boat, and having a handicap of 22 minutes 69 seconds behind her. The Planet's time for the distance was 34 minutes 59 seconds. The Dixie covered the same lap in 11 minutes 1 second. Blanche II, owned by C. J. Coggin of Rockledge, finished third. The handicapping was so accurately done that all of the boats save two finished within a few seconds of one another, and all came in under one milited was a nour and under. Five started, with the Simplex IX. on scratch. This

THREE VICTORIES FOR LOGAN. Morris Wood, the Crack Verona Skater, Beaten as Many Times.

SARANAC LAKE, N. Y., Jan. 31.-The finals in the amateur races were skated here to-day on an eight lap track. The ice was in bad shape and there were many falls. Morris Wood was beaten in three events, but won the three mile in good style. About 3,000 persons witnessed the sports. In the 220 yard Sutphen jumped in the lead at the crack of the gun and led half way around when Wood passed him and turned in the home stretch with Sutphen at his heels, five yards ahead of the rest of the field. When thirty yards from the tape Wood's skate caught in a crack and he fell, taking Sutphen with him. thereby losing the race.

In the half mile Finlayson led for half the

distance followed by Wood and Sutphen. On the last lap Logan started from the rear On the last lap Logan started from the rear with a sprint and passed the bunch, getting a lead of ten yards. Wood, who was in a pocket, fell back and then started after Logan. In the stretch he gained on Logan, but when they crossed the line Wood was inches behind.

In the one mile the six competitors were warned by the referee that they would be compelled to come out and set the pace when

he called them or be disqualified. This ruling was in accordance with the Western skating race rules. They took it easy until the sixth lap, when Lamy of Saranac Lake spurted from the rear and opened a gap of fifteen yards, with Logan after him. In the last lap Logan passed Lamy. Wood closed fast, but was three feet away at the finish. He would have won in another five yards as his sprint was terrific.

The three mile race was a steady grind. Each man alternated in pacemaking until the last two laps. Lamy started a sprint, closely followed by Wood. Wood passed him as they entered on the last lap, and with a great burst of speed he kept on to the finish, winning by five yards.

All the skaters left to-night for Montreal to compete there on Saturday. The weather was intensely cold, being 22 below zero. The summaries:

summaries:
